LACLEDE MISSOURI

AMERICA'S BIG TOBACCO TRADE

Uncle Sam Leads the World as an Exporter of the Weed—Some Interesting Figures.

Washington, D. C.—More than one billion dollars' worth of tobacco and manufacturers of tobacco have passed through ports of the United States since 1890, the value of the export from the country during that period having aggregated \$646,000,000 and the imports into the country \$386,000,000. These figures are exclusive of trade passing between the United States and its non-contiguous territories, which showed in 1909 alone cigars and other tobacco brought in from Porto Rico valued at \$5,750,000 and shipments of tobacco to Alaska, Hawaii and Porto Rico valued at nearly \$2,000,000.

The United States leads the world as an exporter of tobacco, having supplied over \$41,000,000 worth in a total of approximately \$150,000,000 worth of tobacco and manufactures which entered international markets last year.

BURIED UNDER AVALANCHES

In Northern Idaho 50 People Lost Their Lives When Two Towns Were Swept Away.

Spokane, Wash.—In swift succession two disasters have carried death to the mining towns of the rich Coeur d'Alene district in northern Idaho.

At 10:35 o'clock at night a snow-slide swept down the mountain side, striking the little town of Mace and burying 25 houses and their sleeping occupants in a mass of snow, ice and earth at the bottom of the canyon.

At 5:30 o'clock in the morning another slide rushed down on the town of Burke, crushing a score of houses under thousands of tons of earth and snow.

Fourteen bodies have already been recovered from the ruins of Mace. Sixteen dead have been found at Burke. It is known that at least 50 are dead.

A NEW WIRELESS SYSTEM

By Its Use Boats May Be Driven And Guided—Exhibited Before War Department.

Mutual, Ok.—Lee and Ray Clarke, young men living near Mutual, have invented an electrical apparatus which is now being exhibited before officials of the War Department at Washington, which makes possible private communication by wireless telegraph and enables the operator to propel, guide and control any boat, carriage or other vehicle driven by electricity, steam or gasoline. The system is known as the "Wireless Selection," and the inventors say it is destined to become as useful and probably far more wonderful in the variety and extent of its powers than the wireless telegraph system.

JAMES A. PATTEN HAS ENOUGH

The Grain Gambler Has \$12,000,000 and Will Retire from Active Business July 1.

Chicago, Ill.—James A. Patten, grain king, will retire from "the pit" and from all lines of commercial activity July 1. Mr. Patten himself is authority for this statement. He says, "I have enough; what's the use of piling up more?"

His only plan for the future is to enjoy the great fortune he won in a spectacular career on the board of trade—a career that will be historic. He is believed to be worth \$12,000,000.

A TRAIN INTO BEAVER RIVER

At Newcastle, Pa., a Passenger Train Jumped Down a 15-Foot Embankment, Killing One Man.

Newcastle, Pa.—One man was instantly killed, one dead, another is unaccounted for and believed to be dead and nearly a score of others had narrow escape from instant death when the Linesville accommodation, a passenger train on the Erie & Pittsburgh division of the Pennsylvania railroad jumped the track at Rock Point park and plunged down a 15-foot embankment into the ice-filled Beaver river.

Senators Must Go to Court.

Washington, D. C.—Justice Wright in the supreme court of the District of Columbia decided that the court acted within its authority when it issued the writ of mandamus ordering the joint committee on printing of congress to show cause why it should not consider the bid of the Valley Paper Company of Holyoke, Mass.

A PERIL OF THE CHANTECLER HAT.

TWO BATTLESHIPS THIS YEAR

HOUSE COMMITTEE ON NAVAL AFFAIRS SO DECIDES.

Four Submarines, One Repair Ship and Two Fleet Colliers the Naval Program.

Washington, D. C.—The construction of two dreadnaughts of 27,000 tons each of design similar to the two battleships now building was authorized by the house committee on naval affairs.

The bill to be presented in the house by Chairman Foss will carry an appropriation for each of these battleships of \$5,932,311, the total amount it is estimated that can be expended in one year in their construction. The full construction program for 1911, decided on by the committee includes besides the two battleships:

Four submarines, at an estimated cost of about \$500,000 each. For the construction of these a total of \$800,000 is appropriated.

One repair ship for which a total appropriation of \$979,500 is made.

Two fleet colliers, estimated cost \$1,000,000 for which the total appropriation is carried.

The total authorized for new construction in 1911 is about \$26,000,000. The appropriations made aggregate \$15,744,112. The bill will carry about \$114,000,000 for maintenance of the navy establishment making the total navy appropriation for 1911 about \$130,000,000 as compared with \$135,000,000 for 1910.

PLANS TO DISARM ALL NATIONS

Congress Will Be Asked to Assist in Organizing "The United States of the World."

New York, N. Y.—The congress of the United States will be asked in a few weeks to father an organization to be known as "The United States of the World" with an object of international unity and permanent world peace.

The step will be taken at the instance of the World Federation League recently organized in New York which is rapidly spreading branches over the country. A prominent western senator will introduce a joint resolution empowering the United States government to take the immediate initiative in the formation of the "United States of the World."

GARVEN WANTS PACKERS' BOOKS

Has Applied to Supreme Court for an Order to Produce Them for Grand Jury.

Trenton, N. J.—Prosecutor Garven of Hudson county, who has been waging war against the meat packers in an effort to solve the "high cost of living" problem, applied in the supreme court here for an order compelling the officials of the National Packing company, Armour & Co., Morris & Co., and Swift & Co., to bring within the jurisdiction of the court forthwith the minutes of the stockholders and directors of all these corporations.

NEBRASKA FIREMEN TO STRIKE

Unless Their Demands Are Compiled With They Are Ready to Go Out March 7.

Omaha, Neb.—The locomotive firemen on all Nebraska railroads have voted to strike unless their demands are complied with by March 7.

The firemen, all members of the Brotherhood, demand an increase in wages and seniority rights and were refused by the railroads.

CAPIASES FOR MEAT PACKERS

The Indicted Individuals and Corporations Will Be Cited to Appear and Plead.

New York.—Capiases for the arrest of the indicted meat packers and summonses for the six indicted meat corporations were ordered by Prosecutor Garven of New Jersey, who will hand them over to Sheriff Kelly for execution.

"The defendants know of the indictments, their lawyers have conferred about the indictments and proceedings will now take their regular course," Prosecutor Garven said. "I cannot say now just what I will do after I receive the report of the sheriff. The logical thing for the defendants to do is to come into court and plead, but the attitude of their attorneys does not indicate that they mean to do that."

"Some time this week," Mr. Garven said, "I will make application for the dissolution of the charters of the indicted corporations if they fail to produce the minutes of their annual meetings and other records as required by the subpoenas."

A MONSTER FLOATING FORTRESS

Secretary Meyer Plans to Build the Greatest Battleship of the World.

Washington, D. C.—The sceptre and title of the "Mistress of the Seas," to pass from Great Britain to the United States.

The construction of a floating fortress impregnable to a whole modern fleet.

A battleship which by the power of its own guns will keep all other modern battleships out of their ordinary range of effectiveness.

These are the three predominant features of the monster American battleship. The first intimation of which was given by Secretary Meyer of the navy to the naval committee of the house.

The salient physical features of the greatest battleship in the world will be these: Its displacement will be 34,000 tons. It will carry 12 14-inch guns.

THEY STOP PAULHAN'S FLIGHTS

The Wright Brothers Secure An Injunction in Federal Court Against the Frenchman.

Oklahoma City, Ok.—Louis Paulhan, the aviator who was under contract to make flights with his airship here, received a telegram that the Wright brothers had secured an injunction in the federal court in New York, which prevents Paulhan from making further exhibitions. Paulhan says he will make no more flights until the matter is cleared up.

MAY ANNUL PACKERS' CHARTER

Prosecutor Garven to Move to That Effect in New Jersey Courts Next Week.

New York, N. Y.—A motion to nullify the charter of the National Packing Company, one of the corporations indicted for conspiracy to raise the price of meat by the Hudson county, New Jersey, grand jury, will be made next week by Prosecutor Garven.

More Room for the Cabinet.

Washington, D. C.—A bill appropriating 12 million dollars for the construction of a building for the state, justice and commerce and labor departments was favorably reported to the senate.

TACK THIS UP

Prescription That Breaks Up the Worst Cold in a Day.

Every winter this prescription is published here and thousands have been benefited by it. "Get two ounces of Glycerine and half an ounce of Concentrated Pine compound. Then get half a pint of good whiskey and put the other two ingredients into it. Take a teaspoonful to a tablespoonful of this mixture after each meal and at bed time. Shake the bottle well each time." But be sure to get only the genuine Concentrated Pine. Each half ounce bottle comes in a tin screw-top case. Any druggist has it on hand or will quickly get it from the wholesale house. Many other pine extracts are impure and cause nausea.

Mournful Pleasure.

Master.—Since your wife died you have got drunk every day. You had better get married again at once.

Servant.—Oh, sir, leave me yet a month in my grief.

People who do just as they please never please their neighbors.

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was troubled with falling and inflammation, and the doctors said I could not get well unless I had an operation. I knew I could not stand the strain of one, so I wrote to you sometime ago about my health and you told me what to do. After taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier I am to-day a well woman."—Mrs. WILLIAM AHRENS, 988 W. 21st St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.
